Canned Responses

Canned Responses are pre-written reply templates that help you quickly respond to a conversation. Agents can type the '/' character followed by the shortcode to insert a canned response during a conversation.

Search canned response

Add canned response

There are no canned responses available in this account.

4 Enter Greeting in the Short code field

The screenshot shows a web application interface with a sidebar on the left containing navigation links like 'Search', 'Messages', 'Settings', and 'Canned Responses'. The main content area is titled 'Canned Responses'. A modal dialog box titled 'Add canned response' is open in the center. It contains a description of canned responses and two input fields: 'Short code' and 'Message'. The 'Short code' field is highlighted with a red border and contains the placeholder text 'Please enter a short code.'.

Add canned response ×

Canned Responses are predefined reply templates which can be used to quickly send out replies to conversations.

Short code

Please enter a short code.

Message

Please write the message you want to save as a template to use later.

Cancel Submit

5 Enter the message for the canned response

This screenshot is identical to the previous one, but the 'Message' field is now highlighted with a red border. The 'Short code' field still contains the placeholder text 'Please enter a short code.'.

Add canned response ×

Canned Responses are predefined reply templates which can be used to quickly send out replies to conversations.

Short code

Please enter a short code.

Message

Please write the message you want to save as a template to use later.

Cancel Submit

6 Click Submit to save the new canned response

Add canned response ×

Canned Responses are predefined reply templates which can be used to quickly send out replies to conversations.

Short code

Hello, how can we help you today?

Message

Please write the message you want to save as a template to use later.
