

How to create a board in Confluence

confluence 7 steps · 1m 13s

1 Click 'View all apps' to find Confluence.

The screenshot shows the Stepify dashboard interface. On the left is a sidebar with navigation options: Home, For you, Recent, Starred, Notifications, Status updates, Tags, Jira, Trello, Teams, Goals, Projects, Jira Product Discovery, View all apps, and Customise sidebar. The main content area features a search bar, a '+ Create' button, and a 'Hello, Stepify' greeting for Sunday 22 February. Below the greeting is a 'Play of the day - Objectives and Key Results' link. The 'Your apps' section displays a grid of installed apps: Trello, Goals (stepify), Jira (stepify), and Projects (stepify). A red box highlights the 'View all apps' button in the top right corner of this section. Below the apps is a 'Frequently visited' section with a 'Your work' button and a 'Stepify Team' button, and a message: 'You haven't visited any places yet. Visit and view your team's spaces to start seeing your work.' The 'What's next' section has tabs for 'Worked on', 'Viewed', and 'Recommended', and lists two items: 'Start using Trello' (3 days ago) and 'See it, send it, save it for later' (3 days ago).

2 Click 'Create' to explore creation options.

The screenshot shows the Atlassian 'Apps' page. On the left is a sidebar with navigation options like 'Home', 'For you', 'Recent', 'Starred', 'Notifications', 'Status updates', 'Tags', and various app categories (Jira, Trello, Teams, Goals, Projects, Jira Product Discovery). At the top right, there is a search bar and a '+ Create' button highlighted with a red box. The main content area is titled 'Apps' and includes sections for 'Your apps' (with a 'Sort by frequently used' dropdown), 'Available across your organisation', and 'More from Atlassian' (with 'Helpful links').

3 Scroll down to find more available apps.

This screenshot is similar to the previous one, but with a dropdown menu open over the '+ Create' button. The dropdown menu lists several options: 'Work item', 'Trello board', 'Project', 'Goal', and 'Team'. The rest of the page layout, including the sidebar and the 'Apps' main content area, remains the same.

4 Click 'Jira' to access Atlassian workspace.

The screenshot shows the Atlassian workspace interface. On the left is a sidebar with navigation options like 'Home', 'For you', 'Recent', 'Starred', 'Notifications', 'Status updates', 'Tags', and a list of installed apps including Jira, Trello, Teams, Goals, and Projects. The main content area is titled 'Apps' and features a search bar at the top. Below the search bar, there are sections for 'Your apps', 'Available across your organisation', and 'More from Atlassian'. The 'Your apps' section is divided into 'stepify' and 'Administration' categories. The 'Jira' app is highlighted with a red rectangular box. A dropdown menu is open above the 'Jira' app, showing options: 'Work item', 'Trello board', 'Project', 'Goal', and 'Team'. The 'Administration' category includes 'Goals', 'Teams', and 'Administration' apps. The 'Available across your organisation' section shows the 'Trello' app. The 'More from Atlassian' section includes 'Helpful links' such as 'Account settings', 'Atlassian Support', 'Administration', 'Atlassian Community', 'Self-managed licensing', and 'Atlassian Documentation'.

5 Type 'Confluence' in the search box to find the app.

The screenshot shows the same Atlassian workspace interface as in the previous image. The search bar at the top of the 'Apps' section is highlighted with a red rectangular box. The rest of the page content, including the sidebar and the 'Your apps', 'Available across your organisation', and 'More from Atlassian' sections, remains the same as in the previous image.

6 Click 'Home' to find Confluence.

The screenshot shows the Atlassian navigation bar. The search box at the top contains the text "Confluence". Below the search box, a dropdown menu is open, showing "Home" (highlighted with a red box), "Jira", and "Trello". The main content area below the search box displays a search result for "Confluence", which is a "We couldn't find anything matching your search" message. Below this message are several navigation options: "Teams", "Administration", "Available across your organisation" (with "Trello" listed), and "More from Atlassian" (with "Helpful links" including "Account settings", "Atlassian Support", "Administration", "Atlassian Community", "Self-managed licensing", "Atlassian Documentation", and "Try Atlassian products").

7 Clear search box to view all apps.

The screenshot shows the Atlassian navigation bar. The search box at the top is now empty. Below the search box, a dropdown menu is open, showing "Home" (highlighted with a red box), "Jira", and "Trello". The main content area below the search box displays a search result for "Home", which is a "We couldn't find anything matching your search" message. Below this message are several navigation options: "Teams", "Administration", "Available across your organisation" (with "Trello" listed), and "More from Atlassian" (with "Helpful links" including "Account settings", "Atlassian Support", "Administration", "Atlassian Community", "Self-managed licensing", "Atlassian Documentation", and "Try Atlassian products").
