

# How to create a new workflow in n8n

n8n 3 steps · 9s

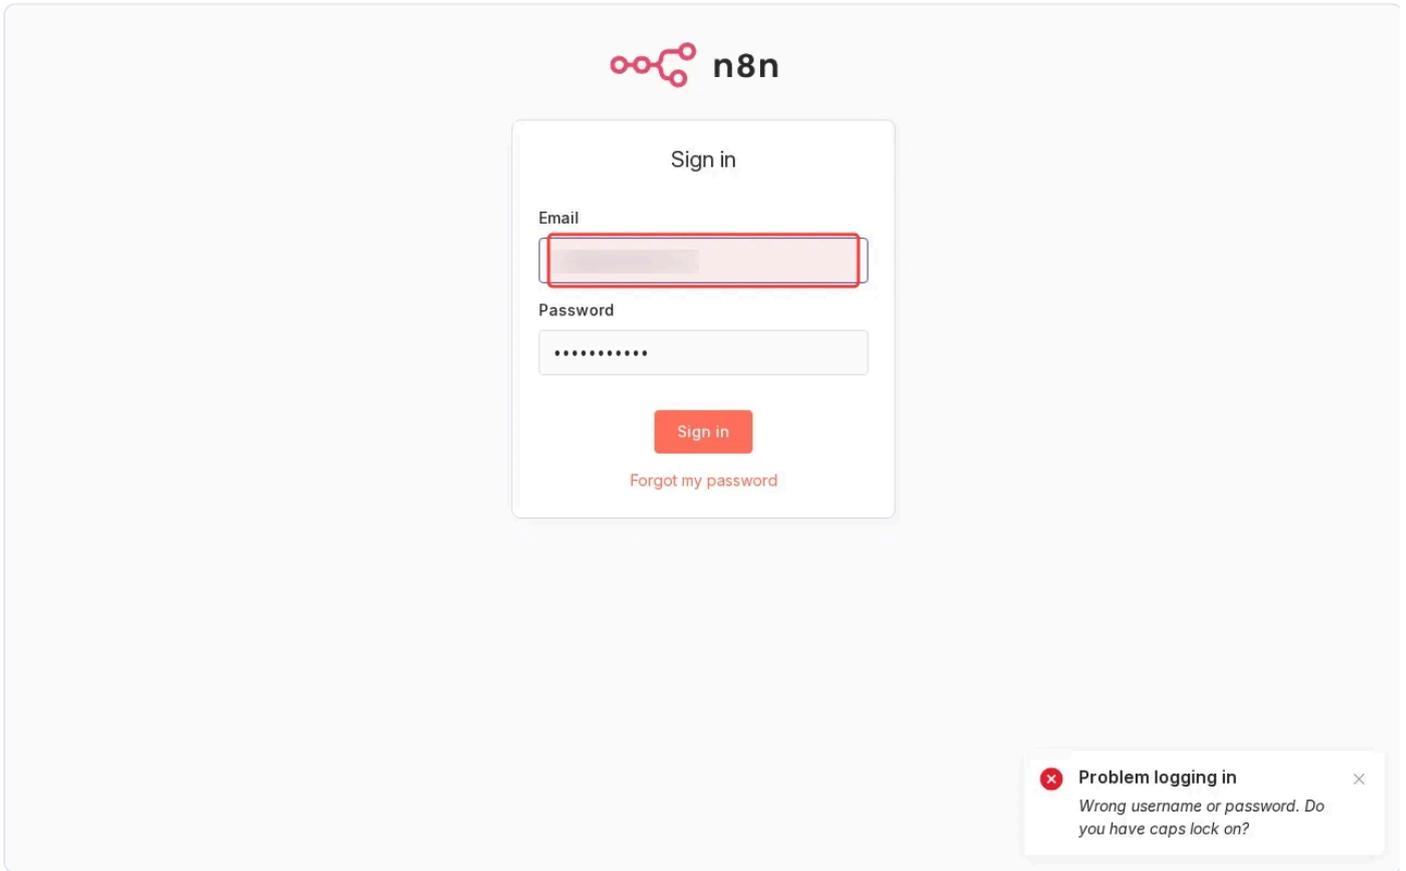

---

- 1 Type password in the password field.

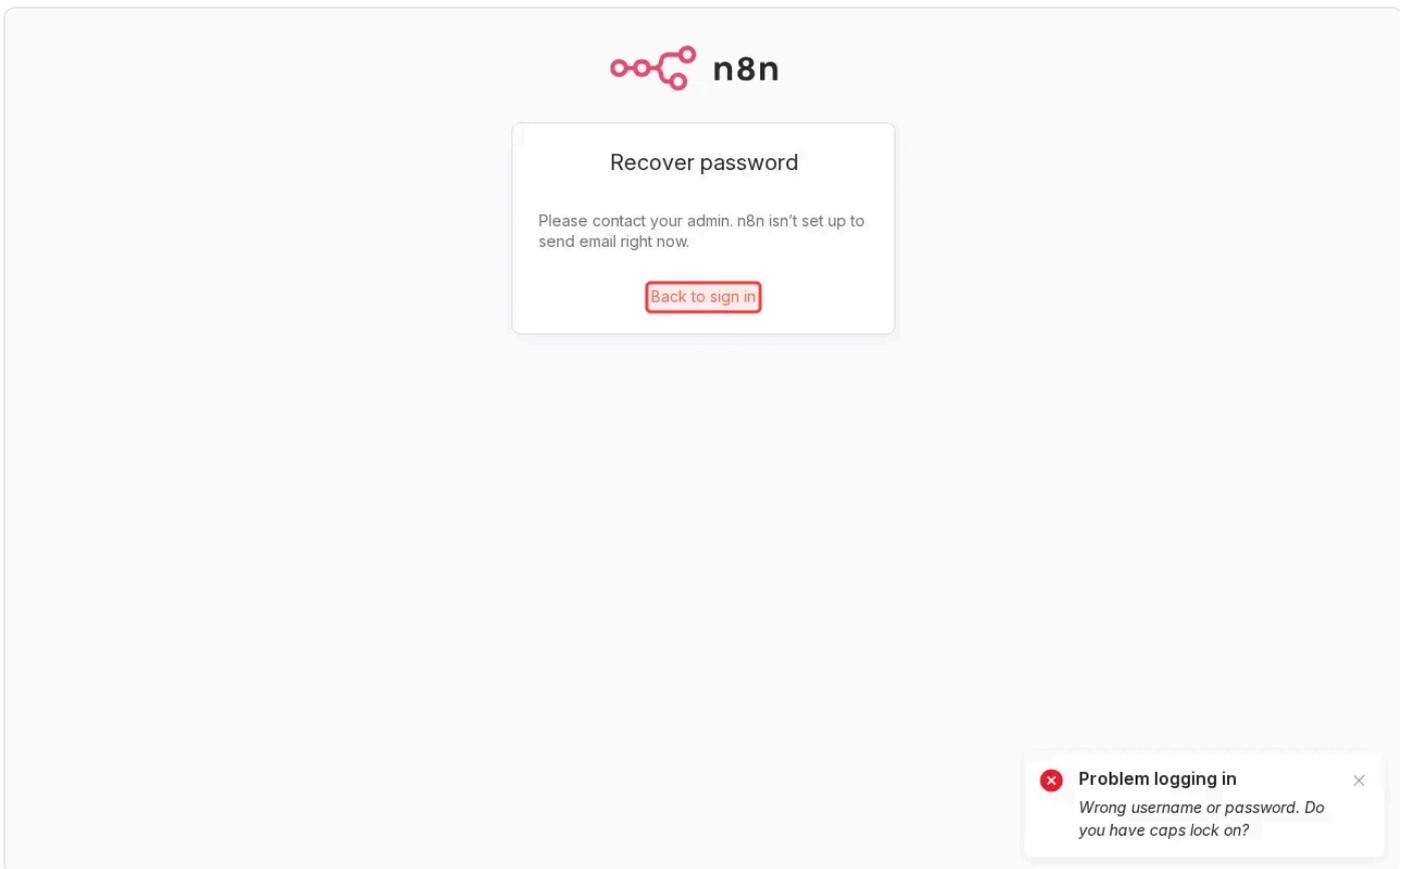

The image shows a screenshot of the n8n sign-in interface. At the top center, there is the n8n logo, which consists of a red network diagram icon followed by the text "n8n". Below the logo is a white rounded rectangle containing the sign-in form. The form is titled "Sign in" and has two input fields: "Email" and "Password". The "Email" field is a simple text input. The "Password" field is a text input with a red border, indicating it is the current step in the process. Below the password field is a red "Sign in" button. At the bottom of the form, there is a link that says "Forgot my password".

2 Clear email field completely.

The screenshot shows the n8n sign-in page. At the top center is the n8n logo. Below it is a white box titled "Sign in". Inside this box, there are two input fields: "Email" and "Password". The "Email" field is highlighted with a red border. Below the "Password" field is a red "Sign in" button and a link that says "Forgot my password". In the bottom right corner of the page, there is a white error message box with a red 'x' icon. The message reads: "Problem logging in" followed by "Wrong username or password. Do you have caps lock on?"

3 Click 'Back to sign in' to return to login page.

The screenshot shows the n8n "Recover password" page. At the top center is the n8n logo. Below it is a white box titled "Recover password". Inside this box, there is a message: "Please contact your admin. n8n isn't set up to send email right now." Below this message is a red "Back to sign in" button. In the bottom right corner of the page, there is a white error message box with a red 'x' icon. The message reads: "Problem logging in" followed by "Wrong username or password. Do you have caps lock on?"
